For: State and County Offices

**Acreage Reporting Requirements for 2002 Peanut
Direct and Counter-Cyclical Program (DCP) Payments**

Approved by: Acting Deputy Administrator, Farm Programs

1 Required Acreage Reporting Requirements for All Cropland on a Farm

A

Background

The Farm Security and Rural Investment Act of 2002 provides that producers requesting DCP payments, loans, or LDP's must submit an acreage report for all cropland on the farm. However, 2002 peanut DCP payments are issued to historic peanut producers who may not be associated with a current farm.

B

Purpose

This notice informs State and County Offices that an acreage report is **not** required, if the historic peanut producer is applying only for 2002 peanut DCP payments. However, if the historic peanut producer is also participating in DCP for covered commodities or receives a CCC loan or LDP, acreage reporting requirements apply.
